

Centennial High School Choral Department
Music Enrichment Program
2019 - Financial Assistance Application - 2020

We are please to be able to offer high quality, degreed professionals to teach private voice lessons at highly discounted rates; however, we do understand that even these rates, lesson might be beyond the budget of some of our families. In effort to make music enrichment lessons accessible to as many students as possible, we have established a program through which students may apply for financial assistance.

Requirements of Scholarship Applicants:

1. Students must be enrolled in a CHS Choral Department ensemble.
2. Students must submit a CMEP Enrollment Application
3. Students must submit a CMEP Scholarship Application
4. Student must adhere to the expectations listed below in order to maintain financial assistance.

Award Amounts

The Centennial HS Choral Department has a finite budget for financial assistance. In effort to provide the needed assistance to as many students as possible, scholarship amounts will vary. As part of the application process, students and parents are asked to indicate the per lesson amount that will fit into their family budgets. Except in cases or extreme need, requests for financial assistance covering more than half of the lesson costs will not be granted. A small commitment and investment by student and parents is essential to the success of this program, therefore, requests for full scholarships will not be considered.

Applications will be reviewed and award letters sent out as quickly as possible so that students requesting assistance can begin their studies. Students who submit applications after all available funds have been disbursed will be added to a waiting list in case additional funds become available.
